

₫ Silent motherboard Precise nozzle kit Smart sensor HD color touchscreen **Larger Print Size Makes** You Enjoy the DIY Fun CR-6 Max realizes your unlimited creativity and satisfies you with more choices

Double Pull Rod + Dual Z-axis Equipped with a double-pull rod, dual Z-axis and timig belt, the triangular structure greatly promotes the printing stability

Dual Y-axis Design Promotes the Stable Printing The dual Y-axis and double synchronous belt greatly ensure the printing accuracy and the printing stability

Intelligent Auto-leveling

The brand new and self-developed leveling has the precise sense, more convenient and efficient

High Precision Nozzle Kit Brand new design and module nozzle kit is feature of the great flow-path and even heat dissipation, which makes the printing more precise

Self-developed Extrusion Mechanism Brand new extrusion mechanism makes the

filament feed-in much easier. The smooth feeding ensures the smooth printing

breakage and power outage, save time and energy

HD Color Touchscreen 4.3inch HD idisplay with easy operation gives you a better experience

Optimized Details

Carborundum **Glass Platform** Fast to heat, easy to remove the model without warping

Product Paremeters

Molding technology: FDM Print size: 400*400*400mm Machine size: 725*640*691mm Printing resolution: ± 0.1mm Layer thickness: 0.1-0.4mm

Number of nozzles: 1

Rated power: 500W

Nozzle diameter: 0.4mm as standard Nozzle temperature: ≤ 260 °C Hotbed temperature: ≤ 90 °C

Display screen: 4.3inch color touchscreen Power supply: Input 100-240V; output 24V

Supported materials: PLA / TPU / PETG / Wood

Product Display

File transfer: USB/Memory card

Tool box

Hotbed fixator

ality 3D is an internationally renowned 3D print national high-tech enterprise, and a pioneer in the R&D and mass production of FDM and resin 3D printers in China. Our company has been committed to applying 3D printers into market, delivering efficient and cost-effective integrated 3D printing solutions for individuals, families, schools and enterpris

Shenzhen Creality 3D Technology Co., Ltd.

COMPANY

INTRODUCTION

We have a complete set of R&D, manufacturing and after-sales service system and strong technological strength. With a total area of 30,000m², a team of over 1,000 employees, and monthly production capacity of over 800,000 units, Creality 3D prides itself on its large-scale R&D center and 3D printing laboratories and Creality research institute. Coupled with modern production lines working for 24 hours nonstop and demanding quality control system, the e product quality is thus guaranteed from the source. The products have been sold to more than 100 countries and regions, and have been ranked in the top of the global 3D printer sales list for a long

adquartered in Shenzhen, Creality 3D has branches in Beijing, Shanghai and Wuhan, and cooperates with colleges and universities to build an industry-university-research teaching and internship base.

time. With initial aspirations never faltered, sticking to "customer-first ce concept, Creality 3D will keep passing on the spirit of the 3D printing industry evangelist to make better quality 3D printers and vice, enabling people to enjoy the convenience technology and contributing to the rise of China's intelligent CREALITY
