

Glow-in-the-Dark Vinyl

Product Specifications & Technical Data

V1.07.22

Product Description

Create fun whimsical shapes and patterns that can be placed onto walls or ceilings that can glow in the dark (after being exposed to light). This specialty vinyl works like regular vinyl in that it may be loaded directly into a Silhouette cutting machine and does not require the use of a cutting mat. Recommended use with transfer tape to move cut-out image from original material backing onto intended project surface.

Recommended Use

Optimal for use with Silhouette and other brand cutting machines. Product may be applied onto hard flat and mildly textured surfaces. Recommended for indoor use only.

Adhesive Specifications

Solvent polyacrylate, semi-permanent bond

Release Paper Specifications

Silicone coated release liner to provide easy ability to weed cut-out vinyl from product backing.

Technical Data

Product Thickness:

150 micron / 0.15 mm

Product Dimensions:

9 in x 4 ft (22.9 cm x 1.22 m), continuous roll format

Product Surface Treatment:

Smooth high-gloss surface texture

Printable:

No

Shelf Life:

2 years (in original packaging at 20°C/68°F and 50% relative humidity)

Application Instructions:

Move cut-out designs from original product liner onto project surface with Standard Tack Transfer Tape.

Notes for Use:

Clean project surface thoroughly prior to application. Dust, grease, and other contaminants may negatively impact proper adhesion.

Color Options

White-green tint - *Under normal lighting conditions*

Bright green glow - *In the dark after being exposed to light*
