

Glitter Vinyl

Product Specifications & Technical Data

V1.07.22

Product Description

Give your projects a sparkly glitter appearance with Glitter Vinyl. This specialty vinyl works like regular vinyl in that it may be loaded directly into a Silhouette cutting machine and does not require the use of a cutting mat. Due to the real glitter surface, Glitter Vinyl does not work with normal transfer tape. Glitter Vinyl must be used with Strong Tack Transfer Tape.

Recommended Use

Optimal for use with Silhouette and other brand cutting machines. Product may be applied onto hard flat and mildly textured surfaces. For indoor/outdoor use.

Adhesive Specifications

Solvent polyacrylate, permanent bond

Release Paper Specifications

Silicone coated release liner to provide easy ability to weed cut-out vinyl from product backing.

Technical Data

Product Thickness:

250 micron / 0.25 mm

Product Dimensions:

12 in x 4 ft (30.5 cm x 1.22 m), continuous roll format

Product Surface Treatment:

Glitter semi-smooth surface texture

Printable:

No

Shelf Life:

2 years (in original packaging at 20°C/68°F and 50% relative humidity)

Application Instructions:

Move cut-out designs from original product liner onto project surface with Strong Tack Transfer Tape.

Notes for Use:

Clean project surface thoroughly prior to application. Dust, grease, and other contaminants may negatively impact proper adhesion.
