

Printable Fabric Heat Transfer Material

Product Specifications & Technical Data

V1.07.22

Product Description

Use Printable Fabric Heat Transfer for any cotton fabric surface. This material has a soft fabric surface, so it won't crack when washed. Print an image and cut out around the contour using the Silhouette cutting machine's Print & Cut feature. You can then iron your custom image onto a fabric surface, such as a t-shirt. This material remains solid when ironed and so is suitable for all colors of fabric.

Recommended Use

Optimal for use with Silhouette and other brand cutting machines. This material is targeted for application onto fabric surfaces.

Compatible Fabrics

Cotton, Cotton/Polyester Blends

Product Specifications

Fabric, Ethylene-vinyl acetate, permanent bond

Adhesive Specifications

Heat-activated adhesive

Liner Specifications

None

Technical Data

Product Thickness:

200 micron / 0.20 mm

Product Dimensions:

8.5 in x 11 in (21.5 cm x 28 cm), sheet format

Product Surface:

Cotton fabric surface texture

Printable:

Yes (Inkjet printer only)

Shelf Life:

3 years (in original packaging at 20°C/68°F and 50% relative humidity)

Application & Care

Application Instructions:

Print & Cut around image contour. Weed excess material from around cut-out designs. Apply onto fabric surface using an iron or heat press according to recommended transfer conditions.

Heating Temperature:

Iron-On: < 300° F / < 149° C, Medium heat or "Cotton" setting

Heat Press: 345° F / 175° C

Heating Time:

Iron-On: 60 sec

Heat Press: 15 - 20 sec

Transfer Pressure:

Iron-On: Firm

Heat Press: Firm

Peeling Condition:

N/A

Washing & Care Instructions:

Turn material inside-out prior to wash, machine wash warm with mild detergent, hang to air dry or machine dry on low heat setting. Wait 24 hours before first wash. Do not dry clean.

Color Options

White
