

RoHS Product Information

Declaration of Conformity

nobufile GmbH confirms that below mentioned product(s)

nobufile PLAx

comply with the following statements and applicable regulation and legislation.

RoHS

Based on the current status of information made available to us from our raw material suppliers the aforementioned product(s) do not contain any of the substances mentioned in EU directive 2011/65/EU for the restriction of the use of certain hazardous substances in electrical and electronic equipment (RoHS).

To the best of our knowledge we do not use or incorporate any of the substances listed in EU Directive 2011/65/EU nor is expected that any of these substances occur in the final product(s) exceeding the limits listed in Appendix 1 of EU directive 2011/65/EU. These threshold values take into account the fact that there may be very small amounts of impurities that are technically impossible to prevent.

The information provided in this declaration is based on our current knowledge and experience. We urgently ask to follow legal changes and/or modifications and additionally request the latest confirmations issued by the provider. It is the responsibility of the recipient of our products to ensure that any proprietary rights and existing laws and legislation are observed.
